Even lady luck  
She said she could not help  
She's just a dead end queen  
Keep her away from me

She said, "keep her away from me,  
I don't even like to see her breathe  
I can't stand staring at the face of me  
Girl, stay away from me"

She's not the kind that you want to be seen with  
She's the dead end queen, she's the dead end queen  
She's a dead end queen  
She's not the kind that you want to be seen with  
She's a dead end queen, she's a dead end queen

A misjustice  
I think you've misjudged us  
We're not a charlatan  
And we don't got no gun, no

Wait, just let me see  
Get close enough to use my telepathy  
I'll drain a little piece of you into me  
Then, i won't get shot

She's a dead end queen  
She's not the kind that you want to be seen with  
She's the dead end queen, she's the dead end queen  
Oh no, she's a dead end queen  
She's not the kind that you want to be seen with  
She's a dead end queen, she's a dead end queen

Take it, take it all away  
Take it, take it all away from her  
Take it, take it all away  
Take it, take it all away from her  
Oh NOOOO  
Oh NOOOO  
Oh NOOOO

She's a dead end queen  
She's not the kind that you want to be seen with  
She's the dead end queen, she's the dead end queen  
Oh now, she's a dead end queen  
She's not the kind that you want to be seen with  
She's a dead end queen, she's a dead end queen

Take it, take it all away  
Take it, take it all away from her  
Take it, take it all away  
Take it, take it all away from her
