Politically
Compulsory routine
They spin it to shift all of the blame
(what they say!)
What's in it for me?
Not better for all three
And definitely too right by me

They say
Analysis of remains
Showed signs of struggle
They say
The murder rate
Dropped this year from one to seven
They say
It's gotta be
Right for you and left for no one
They say
It's all about what
They say

American me
Elective surgery
Is just what i need to stay ahead
(of the game!)
The prettiest thing
That i can never be
With money it's easily attained

They say
Prime minister
Shot today without a warning
They say
Air quality
In my town is next to nothing
They say
It's gotta be
Right for you and left for no one
They say
It's all about what
They say

Picture in picture
100's of channels of
Death via satellite

Picture in picture
100's of channels of
Death via satellite

The idiot king
Yeah, he knows everything
His vanity prevents his actions
(what's he say!)

The easiest thing
Is not what he's selling
But it could be what you're buying

They say
American
Shopping malls could be a target
They say
The murder rate
Dropped this year from one to seven
They say
It's gotta be
Right for you and left for no one
They say
It's all about what
They say
It's all about what
They say
