All the girls walk around in their pretty dresses,
All made up, I'm no contest for that.

Cause I'm the prey and she's the lion,
God knows I'd be a fool for tryin' now.

Cause I remember standing there on the side of the
road,
Watching you pass me by in the cold,
You seemed so happy and warm-

Hey girl, don't leave out here, you know I wont survive.
But oh, you're so happy just to have me gone,
Oh, you're so happy just to have me gone.

Well hey girl don't leave me out here, you know I'll
surely drown.
But oh, you're so happy just to have me gone,
Oh, you're so happy just to have me gone.

And I walk by to steal a glance and oh my god,
I can't express to you.

I'd give anything to impress, I'd rip my heart from my
beating chest it's true-

But I remember standing there on the side of the road,
Watching you pass me by in the cold,
You seemed so happy and warm-

Hey girl, don't leave out here, you know I wont survive.
But oh, you're so happy just to have me gone,
Oh, you're so happy just to have me gone.

Hey girl don't leave me out here, you know I'll surely
drown.
But oh, you're so happy just to have me gone,
Oh, you're so happy just to have me gone.

And I remember standing there on the side of the road,
Watching you pass me by in the cold,

Seeing you drive, away-
And I remember what you said when you turned
around.

'Have a nice life, I'm leavin' town'

And that's when, I said-
I said...

'All the girls walk around in thier pretty dresses, all
made up I'm no contest for that...
