I wasn't looking for a jesus man  
I wasn't looking for buddha  
I wasn't looking for a common man  
And i wasn't looking for you,  
And that's for sure  
Could you be the one?  
Could you be anyone?  
Could you be 1 2 3 4 fuckin' 5 for sure?

The last time i saw you was the first time  
Was the first time i saw god  
The last time i saw you was the first time  
Was the first time i saw god

I wasn't looking to be crucified  
For something i had done just once  
But now i've got the taste in my mouth  
You know i'm not looking to give you back to her

Could i be the one?  
Are you my only one?  
Are you my 1 2 3 4 fuckin' 5 for sure?

The last time i saw you was the first time  
Was the first time i saw god  
The last time i saw you was the first time  
Was the first time i saw god

The last time i saw you was the first time  
Was the first time i saw god  
The last time i saw you was the first time  
Was the first time i saw god

Are you the one?  
Could you be anyone?

The last time i saw you was the first time  
Was the first time i saw god  
The last time i saw you was the first time  
Was the first time i saw god

The last time i saw you was the first time  
Was the first time i saw god  
The last time i saw you was the first time  
Was the first time i saw god

The last time i saw you was the first time  
Was the first time i saw god  
The last time i saw you was the first time  
Was the first time i saw god
