How long can you make me wait here?
God knows you wanna dip right into this
It's getting late here
And i'm tired, so tired
Of needing this fix

Time
Waiting for you
Is it my secret
One i should never tell
I'll never tell

Time
Waiting for you
Is it my secret
One i should never tell
I'll never tell

You think that i must be shaking
Anticipation always gets me sick
My body aching
My fire, so tired
Of this meaningless

Time
Waiting for you
Is it my secret
One i should never tell
I'll never tell

Time
Waiting for you
Is it my secret
One i should never tell
I'll never tell

Time
Waiting for you
Is it my secret
One i should never tell
I'll never tell

Time
How long can you make me wait here?

I think i'm breaking
And i can feel my cells begin to split
Yeah i'm vibrating
Up higher and higher
Than i should have been

Time
Waiting for you
Is it my secret
One i should never tell
I'll never tell

Time
Waiting for you
Is it my secret
One i should never tell
I'll never tell

Time
Waiting for you
Is it my secret
One i should never tell
I'll never tell

Time
Waiting for you
Waiting for you
Waiting for you
