This is a little song about a couple that was in love  
And they had to break up  
And they ran into each other on the street one day  
And here's the conversation

Hello friend, how has it been  
Ain't it wonderful, you've got a friend  
Though we've changed in our endeavors  
I found we still (have) some things in common  
Ain't it strange but wonderful  
That we, we're still friends

Through our hearts, we've never parted  
But through our living  
We're friends, through friendship all  
And the way we are when we're together  
Let's us know that we still, love one another  
Ain't that strange, but wonderful  
That we, we're still friends, yeah

Ain't that strange but wonderful  
That we, we're still friends

Ending:

Hello friend  
How has it been  
Ain't it wonderful  
You, you got a friend yeah
