Gouge out my eyes / pestilence

lack of love binds / propagate / the strife you desire

keep me from forced self depiction / abhorate

self assured I am no more / take this away from me  
once more /

thirsted for something that never existed /

Complacent / I am abomination / I replace

absence of malice / sew my mouth shut

the silent sound of the end / I drown in tears

Sinking in dreams / Of what I once owned

I avoid the setting of the sun (x2)

Memories fade as you did once before

Stole hope from right under my eyes

Accomplice of my death
