I've lived my life without direction
Holding on to a gift given long ago
Because of this I'll pay for my mistakes
The rest of my life, the rest of my life

Dragging my body along the black expanse
I can smell the burning trail left behind, oh no

I'm not a failure, I'm not alone
As this comes to a close I look back hoping to see
myself
And it's not because of the blaze I've left behind
It's possible I've burned everything in my path

I turn back and say because of how you have lived your
life
You will not find your way again
I look back because of how you have lived your life
You will not find your way again, again, yeah

Because of this I'll pay for my mistakes
The rest of my life, the rest of my life

I'm not a failure, I'm not alone
I've lived my life without direction
Holding on to a gift given long ago

Dragging my body along the black expanse
I can smell the burning trail I have left behind
I'm not a failure, I'm not alone
I'm not a failure, I'm not alone
