I've seen horrors  
Horrors that you have seen  
But you have no right to call me a murderer  
You have a right to kill me  
I have a right to do that  
But you have no right to judge me

It's impossible for words  
To describe what is necessary  
To those who do not know  
What horror means

Horror, horror has it's face  
And you must make a friend of horror  
Horror and moral terror are your friends  
If they are not, then they are enemies to be feared  
They are truly enemies
