Your so called meager life  
Plagued with riches  
Born by the strong beliefs  
Of your so many victims

The task that they entrusted  
Within your powers  
And yet they remain unchanged  
Your God is non existent

You speak of your God  
Does He condemn your life?  
You're nothing but a hypocrite  
Actions speak over words

The many sins you've lived  
The many lies you've told  
Your defaming existence  
Hidden by a power tie

Where's your God?  
Who do you answer to?  
How do you live with yourself?

Where's your conscience?  
Where's your conscience?  
Do you think?

This is just such an excess of assets  
While they hope to eat  
Your golden spoon  
Is their hand to mouth

After your final days  
Where will you go?  
Your sins direct you  
Not your words

Your God is nothing  
Your God is non existent  
Your God is nothing  
Your God is non existent

He's nothing, nothing

Your God, your God, your God

Your God, your God, your God

Your God, your God, your God

Your God, your God, your God

Your God is nothing
