All this time
I've been dreaming of it
All this Time
It's been haunting in my head
Tempting me
Inviting me
To fall asleep in it's arms
To fall from grace
To breathe it's ever teening dusk

Through my eyes
You could see the hurt I crave
Through my eyes
You'd see there's nothing left to save
I heard you said there's a light up ahead
But I am heading towards a dead end
I just can't say no
I just can't let go for it's got me bent

I crave therefore I am
And that is all I ever feel
I hoped you'd understand
One love one pain one enemy

I toast to misery
As I dig into the devil's bone
And for eternity
The pain became me
And won't leave me alone

I crave therefore I am
And that is all I ever feel
I hoped you'd understand
One love one pain one enemy

I toast to misery
As I dig into the devil's bone
And for eternity
The pain became me
And won't leave me alone

Leave me alone
