Queen of the damned the bitch of Hades...the serpent Sixes tripled in her flesh Lobotomize my thoughts, my mind...unleash me Bring forth the perfect sin I crave

Escape from you to stay alive Escape from you...the liar Yet I crawl to you to feel alive I crawl for same desire

And once again...
She is dancing on my grave
Whipping shivers down my spine
She is dancing on my grave
Pouring down the mercy of death

Queen of the tease the hot and cold...voracious So deadly and deceiving eyes Lobotomize my thoughts, my mind...release me Bring forth the perfect death I crave

I feel you're coming once again
