You think you can find just what you want from
everywhere around

Everyone I know, they look for more but they find no
more, in time

Time to go, go, go, go, go, go, go

But if you take a walk somewhere I know that you will be
with me

Every day now, now, now, now, now, now

What you wanna find, you can't find inside, you know
that you've got to be there

Where you want to, where you think that you will find
me

That's OK now, you can run away, but you won't take
yourself with you, I know

It's alright now, it's OK

It's alright now, it's OK

Hey!

Lalalalaalaaaaa

Everywhere I go, I find them running to and fro', I know
they're only waiting

For the chosen one, always on the run, always on the
run

It's another day, and I'll get away from here, I know we
will find you

Only you, always new, like a moon, I'll fiiiiind you
waiting

Sha na na na na

(?) you'll find me

(?) on the edge, on the ocean

(?)
