"Setting Sun"

I met a girl

She's from my world

Now she's gone

She had to run

I want to go

Where no one else can know

Leave it all behind

Where no one else can find

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

La la la la la la la

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Ba na na na na na na

Everybody climb in, in the I know go go

Find how much you've won then you feel crowded

What you wanna make it, there I'm anybody

Everybody climb in, so much more

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Baaaaaaaaa

I want to go

Where no one else could know

Leave it all behind

Where no one else can find

She left me here

(?) fear

Everybody know

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Ba na na na na na

Everybody climb in, in the I know go go

Find how much you've won then you feel crowded

What you wanna make it, there I'm anybody

Everybody climb in, in the I know go go

You'll be climbing, climbing so much more

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Just like a setting sun...

Ahhhhhhhhh

Setting sun...

Setting sun...

Setting sun...

Setting sun...

We are the Aliens

We are the Aliens

We are the Aliens

We are the Aliens

We are the Aliens
