(Verse 1)

She like that Chevy sitting high looking like a space
ship abducting
Females bout to take em on a trip got them speakers in
the back yes we do
It like that poor old nigga think it's a Cadillac Bonneville
I keep it real
With the dented in grill but the sounds knocking hard
like gorillas on a
Steal cage misbehave and I don't play concrete is
where you'll lay a-g 1-7
And you know it every day I prefer I had kicker and
these chicks are
Getting thicker my MTX woofer is a hardcore lickie if
I'm beating down your
Block then I'm peeling up the ground my loud car
sounds make police come
Around but I gotta lay it down law enforcement will
drown if I'm raising up
My car to 2 octaves now exiled from the town and I'm
still doing my
Business you know we keep that bass pumping can I
get a witness.

(Verse 2)

Catch me in a house party and I'm bout to set it off
bass pounding on your
Chest it'll make you cough unknown population due to
the vibrations
Estimation is invalid so no need for confirmation her
booty is swinging and
Her booty is fat with no hesitation in my blood I gotta
get with that
Devastation on their faces due to participation my car
then my house will
Be our next destination silly niggas better get your
game real nigga in the
Party with his fame follow after me if you wanna eat
always coming hard
Just like this beat you can't compete so why can't you
see real than any
Niggas on your tv from wall to wall bass make you fall
fly or die it's just

Your call I'm jamming to the music then I must have
bass turned up to the
Max that it rattles my face 3 o' clock in the morning and
the party still
Jumping like I said before we keep that keep that bass
pumping.
