Pokemon!

Every trainer has a choice
To listen to that voice inside (inside)
Though the battle may be long
Winners may have come and gone
I will carry on

Yeah!
This dream will last forever
This dream will never die
We will rise and beat the challenge every time (every
challenge)

Yeah!
This dream keeps us together
This dream of you and I
Be the best this worlds ever seen
Because we always will folow this dream
