A kid from Pallet Town
With a brand new world to see
Don't know what's ahead
But it won't get the best of me
There's so much to learn
And battles to be won
I've been advanced so far
And still there's always more to come
I take a step
And I'm on my way
Gonna start all over again.

I wanna be a hero!
Pokemon Advance
I'm on my way.

I wanna be hero!
Give me just one chance
And the future will decide
There's a hero very deep inside.
I wanna be a hero
Pokemon!
