humming\*  
I needed something...  
Something out there...  
Didn't know what I was missin'...  
Everyone talkin' 'bout it everywhere...  
I guess I just wasn't listenin'...  
Yahooooo...  
Things are coming together!  
Yahooooo...  
It's turning out nice!  
Yahooooo...  
It's so much better!  
Yahooooo...  
I've got a brand new life!  
It's everything I wanted!  
It's everything I needed!  
It's everything I dreamed about!  
It's here in my heart!  
It's deep in my soul!  
And nothing's gonna take it out!  
Never felt so good!  
Never felt so right!  
Never knew that it would be...  
The biggest part of my life!  
There's only one thing fueling the fire,  
From now until ever after...  
My only passion! My desire!  
Is to be a Pokmon master...  
Yahooooo...  
Things are coming together!  
Yahooooo...  
They're turning out nice!  
Yahooooo...  
It's so much better!  
Yahooooo...  
I've got a brand new life!  
It's everything I wanted!  
It's everything I needed!  
It's everything I dreamed about!  
It's here in my heart!  
It's deep in my soul!  
And nothing's gonna take it out!

Never felt so good!  
Never felt so right!  
Never knew that it would be...  
The biggest part of my life!  
Every day the world is looking better,  
That's the way it's meant to be...  
Everybody being all together,  
It's feeling really good to meeee...  
It's everything I wanted!  
It's everything I needed!  
It's everything I dreamed about!  
It's here in my heart!  
It's deep in my soul!  
And nothing's gonna take it out!  
Never felt so good!  
Never felt so right!  
Never knew that it would be...  
The biggest part of my life!  
It's everything I wanted!  
It's everything I needed!  
It's everything I dreamed about!  
It's here in my heart!  
It's deep in my soul!  
And nothing's gonna take it out!  
Never felt so good!  
Never felt so right!  
Never knew that it would be...  
The biggest part of my life!
