Dream

As long as you know

It's not impossible

To make it a reality

Oh Dreams

Are always there for you

And always there for me

To reach as long as you and I believe

I'm not just telling you

All of our dreams come true

As long as you just remember that I believe

Anything that I can do

I know that you can too

Don't you let anyone ever keep you from your dreams

You can do whatever you want

Don't ever turn away from your heart

So make a wish on heaven

A star will send you in the right direction

As long as you believe

Dream

As long as you know

It's not impossible

To make it a reality

Oh Dreams

Are always there for you

And always there for me

To reach as long as you and I believe

Don't ever think you can't

Don't ever think that your hands

Will never reach the future that you command

Don't ever say there's no hope for your tomorrow

When you control the dreams that you've always known

You can do whatever you want

Don't ever turn away from your heart

So make a wish on heaven
A star will send you in the right direction
As long as you believe

Dream
As long as you know
It's not impossible
To make it a reality

Oh Dreams
Are always there for you
And always there for me
To reach as long as you and I believe

Dream
As long as you know
It's not impossible
To make it a reality

Oh Dreams
Are always there for you
And always there for me
To reach as long as you and I believe

There's no better place than where you are
To reach for the sky
You'll touch the stars
Whatever you want to be
It's already yours,
Just don't be afraid to dream

Dream
As long as you know
It's not impossible
To make it a reality
(You can make your dreams come true)

Oh Dreams
Are always there for you
And always there for me
To reach as long as you and I believe

Anything that you've been dreaming of
Eventually will come to you
Anything you want if you believe
That you can have the stars, the moon

Anything that you've been dreaming of
Eventually will come to you

Anything you want if you believe
That you can have the stars, the moon

Dream
As long as you know
It's not impossible
To make it a reality

Oh Dreams
Are always there for you
And always there for me
To reach as long as you and I believe

Dream
As long as you know
It's not impossible
To make it a reality
