Each time I close my eyes  
I get a little sense of love  
It flows deep inside  
But when I want to  
Tell those three words  
I just can't face you  
Just can't face you...

It's been such a long journey  
Feels like we're joined at the heart  
Oh, what I wouldn't give  
For you to be in love with me  
Would have been nice  
In the very first start

When my heart begins to beat  
The power takes over me  
Ooh, if you only knew  
How much I would do for you  
Maybe you would love me, too  
But, still...

Each time I close my eyes  
I get a little sense of love  
It flows deep inside  
But when I want to  
Tell those three words  
I just can't face you  
Just can't face you, oh...

It's been such a long time  
Since I felt love was true  
what I wouldn't lose  
For you to stare into my eyes  
Just like you've done before  
But I don't think you knew

When my heart begins to beat  
The power takes over me  
Ooh, if you only knew  
How much I would do for you  
Maybe you would love me, too

But, still...

Each time I close my eyes  
I get a little sense of love  
It flows deep inside  
But when I want to  
Tell those three words  
I just can't face you  
Just can't face you, oh...

Wish I could  
Let my lips move  
But each time  
I can't tell you  
Just how I feel  
Boy, it's for real  
Wish I could  
Reach out to you  
So I can say  
That I love you  
Want you to know  
I want to be there  
When you're hurting...
