Don't be a bronosaurus (don't be a bronosaurus)
Don't you ever walk that way (don't you ever walk that way)
It's the right thing to do (the right thing to do)
Just doing whatcha do (just doing whatcha do)

(Chorus 1) Tell me you're tired of hanging around
And dreaming your life away
We've got the feeling of Saturday night
So c'mon, let's here you say

(Chorus 2) Everybody gather 'round
Don'tcha know what we have found?
Whoa, everybody get happy
ABC Count me in with 123
Whoa, everybody get happy

Pick a block of glory (so tell me what's the story?)
Don't keep the bad vibes well away (keep the bad vibes well away)
Whatcha gonna do? (whatcha gonna do?)
Kicking off with something new (kicking off with something new)
(Chorus)

Whoa, (alright) everybody get happy
Whoa, (alright) everybody get happy
My hero, my heir
My hero, c'mon
(Chorus fades out)
