How will I start tomorrow without you here?
Brute luck will guide me though the answer's
disappeared
Is it too late? Are you too far gone to stay?
Best friends forever, she never had to go away
What will I do? You know I'm only half without you
How will I make it through?

(Chorus) If only tears could bring you back to me
If only love could find a way
What I would do, what I would give if you
Return to me, someday, somehow, some way
If my tears could bring you back to me

I've cried here alone, shall if you sail home again
Just your emotion will carry you, I know they can
Just like we'll guide you and your heart will chart the
course
Soon you'll be drifting into the arms of your true love
Look in my eyes, you'll see
A million tears have gone by
And still they're not dry
(Chorus)

Ooh, I'll hold you close in spite of the world
I only wish for before
For one more chance
For one last ounce
Inside of me that I would not of known
(Chorus)
