Now I can begin to tell the story  
A legend's not a legend 'til it ends  
Together we can celebrate the glory  
My friends, my friends

It's amazing to think you can do anything  
When you believe in yourself

Chorus:  
One voice can make a difference  
One move can go the distance  
The greatest battles have been overcome  
With one heart, one mind  
By one love, one life  
That's the power of one

Anybody here can be the hero  
You could even change history  
We do today to save tomorrow  
(Save tomorrow)  
For you and for me

So whoever you are  
And wherever you're from  
Prove it to the rest of the world

Chorus

(Things around)  
Things around are coming  
(Nowhere left)  
There's nowhere left to run  
(Rise to meet)  
Rise to meet the challenge  
Believe in the power of one

Chorus

That's the power of one
