[BEGIN SONG]

[BEGIN LYRICS]

Hai.....

Time goes by

Won't you see it fly

Live your life in a blink of an eye

But your...

It's now

So now

It's now

So you better not wait

It's in your hands and not the hands of fate

Don't make your move

Before it's too late

There's nothin'

Nothin'

Nothin' but time [?] fate [?]

Time [?] fate [?]

In and out

Time [?] fate [?]

Ya

[echo back]

Ya

[end echo]

Ya [repeat 7 times]

[chorus]

Find your heart and free your mind lets

CELEB-R-A-T-E

When time goes by just hit rewind

Let's CELEB-R-A-T-E!

Time Goes on and on

Time Goes on and on

[end chorus]

The time to take

Is the time to make

Slide through time to a future past

Just slow down

You can get there fast

The moment is now the moment is new

Today, you make your dreams come true
So take your time ya'll
TIME WILL TAKE YOU!

Find your heart and free your mind lets
CELEB-R-A-T-E
When time goes by just hit rewind
Let's CELEB-R-A-T-E!
Soon you'll see the things
You've done
Let's CELEB-R-A-T-E!
Yesterday, Today, and Tomorrows won
Let's CELEB-R-A-T-E!
Time Goes on and on
Time Goes on and on

Got feet to the ground
You gotta' take your time
Gotta' make it count
Gotta' take your time ya'll
Gotta' make it count
Gotta' take your time
Soon you'll see the things
