Pokemon x5

Pokemon
The journey's begun
Pokemon
The more the better
Pokemon
Team Rocket's on the run
Pokemon
We're friends forever

You've got the power
Right in your hands
They'll evolve before your eyes
A world of magic
At your command
You can be a master if you try

Pokemon-mon-mon!

Ohh-ohho-ohhhwhoa...Yeah!

Searching every day
For the answer
No time to delay
This grand adventure!

Team united, we'll always win
All together we stand tall
Unlock the secrets deep within
Learn to be the greatest of them all!

(Long musical interlude with lead vocal moaning at various pitches, followed by repetition of various lines from before and "Pokemon-mon-mon" continually repeated until fadeout)
