(Misty)

When I feel I need a taste of your lo-oove,
It's when I'm on a high; dancing in the club.
And when I can no longer wait on destiny,
Think I'll just make you come to me.

Ohh, when I feel like I'm the only one, (Who is making
contact with you...)

Got the need to make a statement, tonight.

Oh, when I'm the only person, (Who is moving and
isn't through...)

Then I believe I've made my statement, tonight.

Keep looking over my shoulder, oh, my.

Might be wrong, but I just have to spy.

Everything you're doing has got me dazed,

So, maybe my statement has been raised.

Ohh, when I feel like I'm the only one, (Who is making
contact with you...)

Got the need to make a statement, tonight.

Oh, when I'm the only person, (Who is moving and
isn't through...)

Then I believe I've made my statement, tonight.

Can't help staring, oh, it makes me feel bliss.

Boy, I'll stop moving once I receive your kiss.

Mhmm, when the night is gone and over with...

That will end my statement with a happy pith.

(Ash)

So, you say you wanna taste of love...

Feels kinda like push and shove

While I'm over here, you're over there

It's getting hot in here, I swear...

What do I do now, you've got me trapped

By the way you're staring, I have to watch the way I
act

Anyone in here can tell just what you're doing

But, girl, that doesn't mean ya gotta stop moving

Though it's rather addictive, no one can stop the

crave

Keep waiting for last night's signals you gave
That's when you were slowly dropping
Oh, I swear my heart was stopping
Everybody else was doing whatever they do
Guess I'm the only one who is paying attention to you

Girl, if you feel you need to
Go ahead and make the statement
Everybody is doing their own
But you're out here all alone
So, go on and make your statement
And I may just answer you

Keep on creeping around the floor
Sitting over at the table, waiting for more
The way you're getting lower each verse
Can't keep watching, cause it hurts
Know there's other girls out, tonight
Feel if I turn away, it won't be right
So I'll keep my eyes locked on you
Just keep on doing what you do
Cause the feeling is out in the open
There ain't no way of knowing
What crazy things will happen by the end
Maybe we'll be more than friends
Yes, you're attracting my senses
Oh, girl, I'm completely defenseless

Girl, if you feel you need to
Go ahead and make the statement
Everybody is doing their own
But you're out here all alone
So, go on and make your statement
And I may just answer you

(Misty)
Boy, oh, I feel the need to
So I'm gonna make my statement
Everybody is doing their own
But I'm out here all alone
So, I'm gonna make my statement
And I may hear an answer from you

As I'm moving, moving on the dance-floor
Know I can give you all you want and so much more
By the way you keep returning my gestures
Finally, my prediction can be assured
Babe, you have caught my eyes
Baby, baby, you've got me by surprise
Boy, oh, boy, who will you be spying on
After I make my statement, tonight? (...Statement,

tonight...statement, tonight...)

(Ash)

Girl, oh girl, you must be hypnotized
Cause Iâ€™ve been staring at you all this time
Itâ€™s been this way ever since you came through
Donâ€™t know how, but I wonâ€™t question you
The reason why I feel this way is not clear
All I know is Iâ€™m needing you here(...Needing you
here...)

Babe, it could be a one nightâ€™s chance
Youâ€™re showing it to me by the way you dance
Maybe if I could take you into my dream
Then youâ€™ll know what this guyâ€™s statement means
(...Statement means...)

Ba-by, you know itâ€™s bound to happen
Those kind of things you could only i-ma-gine
Theyâ€™re gonna appear and youâ€™re not gonna believe
But can you please just put some trust in me?

Babe, I have caught your eyes
Baby, baby, Iâ€™ve got you by surprise
Girl, oh, girl, donâ€™t you hesitate (Oh, donâ€™t you
hesitate)
Iâ€™m about to make my statement, tonight...(Ooh,
ooh...)

(Misty)

Boy, you know youâ€™ve got me (Oh, yes, you do...)
To the point I can finally see
What is true and what is fake
Ooh, I wonâ€™t hesitate
To give my all to you

When I make my promise
Gonna give you all of me, oh yeah
When I make my promise
Gonna give you all of me, all of me, all of me...

While youâ€™re staring from across the room
Feel thereâ€™s something about you
That holds me and wonâ€™t release
Oh, boy, Iâ€™m in too deep
Just by the way you gaze
Canâ€™t help but feel this way
Feel so connected with your glance
While youâ€™re watching me dance
So, set your cup down, come on
Tonight is the night of your destination
