What kind of pokmon are you?
How do you do the things you do?
Share with me your secrets deep inside
What kind of pokmon are you?
Are you loyal through and through?
And do you have a heart that's true?
What kind of pokmon are you?

Take a normal type like a Jigglypuff
Against a ghostly Gengar the battle's real tough
Thunderbolt's a great electric attack
till you get ground down by a Marowak
What kind of pokmon are you?
How do you do the things you do?

Don't bug me with a Caterpie
Against a flying type, the win's easy
Good luck with Muk and it's poison gas
Make one wrong move and it'll kick your grass

What kind of pokmon are you?
How do you do the things you do?
Share with me your secrets deep inside
What kind of pokmon are you?
Are you loyal through and through?
And do you have a heart that's true?
What kind of pokmon are you?
