[Chorus]

I need you more than life
More than everything I ever found
I need you more than life
I can't live without you by my side

I can't find myself without your way
I will need your loving every day
I still follow you I'm here to say
Nothing else matters

How me love and everything I need
Cause your kiss for me is like weed
With tour eyes oh girl you take me high
Nothing else matters

[Chorus]

I need you more than life
More than everything I ever found
I need you more than life
I can't live without you by my side

I can't find myself without your way
I will need your loving every day
I still follow you I'm here to say
Nothing else matters

How me love and everything I need
Cause your kiss for me is like weed
With tour eyes oh girl you take me high
Nothing else matters

[Chorus]

I need you more than life
More than everything I ever found
I need you more than life
I can't live without you by my side

My passion you are my love
You're my passion, my passion yeah.
