Well I'm gonna move, baby
Way on the outskirts of town
Well I'm gonna move, baby - yeah
Way back down on the outskirts of town - yeah, yeah
Well I don't need nobody else
Always hanging around
Yeah yeah baby oh oh

Well let me tell you baby
We're gonna move away from here
Well I don't need no ice man
Gonna buy, Lord I'm gonna buy you a Frigidaire
Ooo-oo - lord when we move
Way back down, Lord on the outskirts of town - yeah
yeah
Well I don't need nobody yeah
Always hanging around
Ooo-oo oh play your song - yeah

Mmmm

Love me babe - mmmm

Yeah

Well let me tell you baby
As funny as it seems
We're gonna have a dozen children
They're all, all gonna look like me - mmm
Lord when we move, yeah, way back down
Way back down, on the outskirts of town - ooo
Well I don't need nobody - yeah
Always hanging around
Yeah yeah no
Aaaa yeah
Y'all
