This city mean old world, try livin' by yourself  
This city mean old world, try livin' by yourself  
Can't get the one you love, have to use somebody else

I've got the blues, gonna pack my things and go  
I've got the blues, gonna pack my things and go  
Guess you don't love me, lovin' mister so and so

SOLO (TWO TIMES)

Sometimes I wonder why can your love be so cold  
Sometimes I wonder why can your love be so cold  
I guess you don't love me, gonna pack my things and  
go

SOLO (to end)
