(Dickey Betts, David Goldflies)

I just can't believe it's time for leavin'

Even though I been deceiving you

Yes, I guess that I been wrong again

But, oh, I still remember when I fell in love with you

Chorus

Don't you think we oughta try it one more time

Baby, I ain't gonna let you go this easy

Don't you think we oughta try it one more time

Oh, I just can't get you outta my mind

After all this time we've been together

It just ain't right to throw it all away

Yes, I guess we've seen some stormy weather

But, oh, I know tomorrow is gonna be a brand new day

Chorus

I just can't believe it's time for leavin'

Even though I been deceiving you

Yes, I guess that I been wrong again

But, oh, I still remember when I fell in love with you

Chorus
