whoh whoh whoh, whoh whoh whoh
hey, it's seventy two degrees, zero chance of rain, it's
been a perfect day
we're all spinning on our heels, so far away from real,
in Californ-i-a,a,a
we watched the sunset from our car, we all took it in
and by the time that it was dark you and me had
something yeah

and if this is what we've got, what we've got is gold
we're shining bright and I want you, I want you to know
the morning's on it's way, our friends all say goodbye
there's no where else to go I hope that you'll stay the
night
whoh, you'll stay the night, whoh

hey, we've been singing Billy Jean, mixing vodka with
cafine, we had strangers stopping by
I know your out of tune, girl you blow my mind you do,
and I'll see as I want to say goodnight
there's no quiet corner to get to know each other
there's no hurry, I'm a pleasure man as you'll discover

if this is what we've got, what we've got is gold
anah nah nah and I want you, I want you to know
the morning's on it's way, our friends all say goodbye
there's no where else to go I hope that you'll stay the
night
whoh, you'll stay the night, whoh

just like the song on my radio set, we'll share the
shelter off my single bed
but it's a different tune that's stuck in my head, and it
go-o-oes

if this is what we've got, and what we've got is gold
we're shining bright and I want you, I want you to know
the morning's on it's way, our friends all say goodbye
there's no where else to go I hope that you'll stay the
night

and if this is what we've got, what we've got is gold

we're shining bright and I want you, I want you to know
the morning's on it's way, our friends all say goodbye
there's no where else to go I hope that you'll stay the
night
whoh, you'll stay the night, whoh
whoh, you'll stay the night, whoh
