Shine like the sun into my life again  
I want you to shine like the sun into my life again

Shine like the sun into my life again  
I want you to shine like the sun into my life again  
Come on baby, baby please

Shine on this heart and make it whole again  
I want you to shine on this heart and soul of mine and  
make it warm again  
Come on baby

I want you to shine like the sun into my life again  
Come on baby  
I want you to shine like the sun and make it warm again  
Come on baby, baby please  
Come on baby, baby please

I want you to shine like the sun into my life again  
It's been such a long lonely time  
I don't even feel like myself  
It's been such a long lonely time  
And I don't even know what to do with myself  
Come on baby, baby please
