

Doosu "Kissing Place"

Visit "[Kissing Place](#)" on MotoLyrics.com

We both walk the same walk
Fluids there
We both missed the same ride
Doing so on separate sides

I broke the calm
I feel the wrong

They draw the blood and tell you,
You will live long

Halos and tracers

We broke the calm
We feel the wrong
Were everyones doll
Waiting for one call

Diseased because I kissed her
Im not youre pretty picture
Im the volume of an anger
This vault may never open
Im called behind my curtain
To my kissing place
Diseased because I kissed her
Im not your pretty picture
Im the volume of an anger
This vault may never open
Im called behind my curtain
To sweetly go away
