Stood in lines
All day today
I put the gun down
I won't use it anyway
I'm just a guy
of no consequence
won't cost any expense

Put it this way i'm another kid in jeans
I think I know exactly what my horoscope means

Read me like a dictionary
or make me imaginary guy
you won't catch me by surprise.
Listen to my capilleries
Cut me down and promise don't be shy
won't catch me by surprise

I take a second to think about my life
and that's a second too long
I think i'm stuck in a rut now
right where I belong
you've got to be kidding me this time
I think I fell asleep when I should've been writing lines

And I know that
you'll hear this
are you listening? I said

Read me like a dictionary
or make me imaginary guy
you won't catch me by surprise.
Listen to my capillaries
Cut me down and promise don't be shy
won't catch me by surprise

I'm not the answer to your worries so don't worry
you're better off without me (x3)

I'm writing down all the things that I want back
I'm writing down all the things that I need
back...imaginary
