Better days (Just to bring back better days)  
Better days Better days (I'll go wherever you are)  
Moon and stars (Just to bring back better days, I'll go  
wherever you are)  
Egao no ashita no futari wo sagasu no

I'll go wherever you are  
Follow the moon and the stars cross over deserts and

seas

To bring you back here with me

I'll change the world if I could

Bring back the love we mistook

I'll do whatever it takes just to bring back better days
