Say you're one man's taste
Say you're one man's taste
'Want what?' Fall and break
"want what?" fall and break
We've seen the dream, folks, in our day
We've seen the dream, folks, in our day
What? Fought The Father the Pope
What? fought the father the pope
Finally sent away
Finally sent away

Warden, lock it
Warden, lock it
Free love's fought our battles thru the day
Free love's fought our battles thru the day
We were full on idle,
We were full on idle,
A lot of them say,
A lot of them say,
'Obey your colorist,
"obey your colorist,
Bleach it all away
Bleach it all away

Free reign, good rest
Free reign, good rest
Break, every brunette in the way
Break, every brunette in the way
When we're full on idle,
When we're full on idle,
A lot of them say,
A lot of them say,
'Obey your violence'
"obey your violence"
Well, it's kinda late
Well, it's kinda late

Say you're one man's date
Say you're one man's date
Want WHAT? fall and break
Want what? fall and break

We were full on idle,
We were full on idle,
A lot of them say,
A lot of them say,
'Obey your violence,
"obey your violence,

Look close-
Look close-
hate
Hate
tide all white
Tide all white
Row on the glass surf
Row on the glass surf
He pulled the paddle
He pulled the paddle
Okay with me
Okay with me
in silence
In silence
What I'd like to do
What i'd like to do
With your violin
With your violin
And it's bow
And it's bow
