The children who jump around  
Even the kittens who gaze wonderously  
Everyone laughs and tell me! can you feel it or you  
can't?

Don't give up! turn around!  
Close your eyes and tell me how you feel!  
Give me something real!

Yes you can do it!  
Love warrior or fight for your love!

Even the smallest play...  
Even the guiltless lie...  
At those memories  
My heart aches...

With the courage and hope that flows from somewhere  
I'll go and save your drowning self  
No one believes me no matter how  
Long I have walked without losing my way

Not for any particular person...  
Keep the fight with yourself forever  
It's too late to turn back  
Can't afford to lose!  
Let's embrace the unchangeable destiny

Searching for a sad story alone  
I'm dreaming of the instant to get near you  
In night sky that continues to spread forever  
I want to fly up into it with you

By the time the drop of tear dries  
The time tangles together  
The darkness close it's eyes slowly  
I continue to protect meekly  
Because you're here, I laugh and she'd tears here

Your own important world, secure it powerfully  
Because you're here, I want to love and not let go

Your own important world, powerfully than anyone else  
Let's embrace the unchangeable destiny forever
