It's like I've never lived before my life with you  
So much was missing here  
I never even knew  
I still picture the place we were when I fell into your  
world

My heart is in you  
Where you go you carry me  
I breathe if you breathe  
Your heart beats inside of me  
You're keeping me alive

I don't know why I feel this way but something's right  
You're like the morning air before the light arrives  
No more lonely and no more night  
No more secrets to hide

My heart is in you  
Where you go you carry me  
I breathe if you breathe  
Your heart beats inside of me  
You're keeping me alive

I'll hold you together  
We'll never die

Your love is keeping me alive  
(Keeping me)  
Your love is keeping me alive  
(Your love is keeping me)

My heart is in you  
Where you go you carry me  
I breathe if you breathe  
Your heart beats inside of me  
You're keeping me alive  
You're keeping me alive
