

Afters, The "Light Up The Sky"

When I'm feeling all alone
With so far to go
The signs are no where on this road
Guiding me home
When the night is closing in
Is falling on my skin
Oh God will You come close?

[Chorus]
Light light light up the sky
You light up the sky to show me You are with me
I I I can't deny
No I can't deny that You are right here with me
You've opened my eyes
So I can see You all around me
Light light light up the sky
You light up the sky to show me
That You are with me

When stars are hiding in the clouds
I don't feel them shining
When I can't see You beyond my doubt
The silver lining
When I've almost reached the end
Like a flood You're rushing in
Your love is rushing in

[Chorus]

So I run straight into Your arms
You're the bright and morning sun
To show Your love there's nothing You won't do

[Chorus]

That You are with me
That You are with me
