I saw you once
It was enough
You asked me what I wanted
I want you but I replied, "I'll have some fries"
So mesmerized
My heart was over driving through

I saw your name and unashamed
I searched within 500 miles to find any clue as to who
I've fallen for
'Cause you've got me and I've got time

I saw your picture on MySpace
Maybe someday we can turn in into our space
Baby I don't care how long it takes
I'll save a space on my top 8 for you

The second time you were so nice
I loved the way you told me to enjoy my day
But I know what you meant to say instead
Was really that you wanted us to run away

I said, "Let's go
I'll pack my clothes
Just promise me you'll wear the purple dress you have"
You look so cute when you're confused
You backed away and asked me how I knew about that

I saw your picture on MySpace
Maybe someday we can turn in into our space
Baby I don't care how long it takes
I'll save a space on my top 8 for you

I know you're scared
I know our love is crazy
And I'm so crazy
You make me crazy for you

I saw your picture on MySpace
Maybe someday we can turn in into our space
Baby I don't care how long it takes
I'll save a space on my top 8 for you

I saw your picture on MySpace
Maybe someday we can turn in into our space
Baby I don't care how long it takes
I'll save a space on my top 8 for you
