It's not the end but it feels like it is
I'm waking up like I'm back from the dead
I'm stepping out and it feels so free
But as long as I'm moving it's alright

I feel alive and it hurts for a change
I'm looking back
It's hard to believe that I was cool with the days that I
wasted
Complacent and tasteless
And bored but that was yesterday

We're never going back to okay
(Okay)
We're never going back to easy
We're never going back to the way it was
We're never going back to okay

This discontent
Like a slap in the face
A mediocre
I've had enough of this place
This party's over
and I'm moving away from the frills of your Beverly
Hills
That was yesterday

We're never going back to okay
(Okay)
We're never going back to easy
We're never going back to the way it was
We're never going back to okay

We're here to stay
This is our time
My only life
Our chance to live

Yeah
We're never going back to okay
(Okay)
We're never going back to easy
We're never going back to the way it was
We're never going back to okay

We're never going back to okay

We're never going back to okay

We're never going back to the way it was
