Wake up and smile
Put on a tie
Walk to the car and wave goodbye
Radio on
You're singing along
It's all gonna chance but how could you know

You're one moment away
One chance left to take and you're gone
Are they gonna remember you for running away
Or saving the day from the darkness and letting your
love shine through
What will you do
You're one moment away

Eyes are on you
The pressure is on
Where will you stand when the lines have been drawn
The clocks have all stopped
The story's been told
This is your life so how will it show

You're one moment away
One chance left to take and you're gone
Are they gonna remember you for running away
Or saving the day from the darkness and letting your
love shine through
What will you do
You're one moment away

No you can't pretend that forever will never come
knocking at your door

You're one moment away
One chance left to take and you're gone
Are they gonna remember you for running away
Or saving the day from the darkness and letting your
love shine through
What will you do
You're one moment away

Run through the flames

Never look back
What did you think that you came here for
