I saw you walking by  
I never knew the reason why  
I saw you stare at me from the corner of your eye  
I turned away and ran  
How could I pretend to hide  
Your love found me

I'm gonna make it better for you and me  
Time is moving on and still I find you in my heart

A thousand miles I'd walk to see you smile  
No more empty words  
A mountain I would climb if I could meet you at the  
peak  
A million stars I'd count just to feel your warm  
Sweet embrace  
A battle I would fight to the end if you were my reward

I think our moment's gone  
Will it ever leave my mind  
I know I'm overcome with the thought of you as mine  
I saw you walking by  
Now I realize your love is holding me

A thousand miles I'd walk to see you smile  
No more empty words  
A mountain I would climb if I could meet you at the  
peak  
A million stars I'd count just to feel your warm  
Sweet embrace  
A battle I would fight to the end if you were my reward
