Can we work this out
I don't want to close the door
Before the sun goes down
We can't let this go to far
I'll do anything
To meet you anywhere you are
'Cuz it doesn't matter anymore
Who was right or wrong
If we could only find the words we lost
Before what we have is gone

Say it now, I hope we find a way
To say it now, don't be afraid
To say it now, everything we're keeping inside
Don't wait just let your heart speak
Don't waste another heart beat
Cuz we'll never know
Until we let it out, let it out
Say it say it now
Say it say it now

My heart is wearing thin
I don't want to fight a war
That no ones going to win
All this time we've grown apart
Looking for an end
If I'm the one that's holding on
Holding back
Here's how we begin

Say it now, I hope we find a way
To say it now, don't be afraid
To say it now, everything we're keeping inside
Don't wait just let your heart speak
Don't waste another heart beat
Cuz we'll never know
Until we let it out, let it out
Say it say it now
Say it say it now

I hope we leave it all behind
No more getting lost between the lines

Can we work this out
I don't want to close the door
Before the sun goes down

Say it now, I hope we find a way
To say it now, don't be afraid
To say it now, everything we're keeping inside
Don't wait just let your heart speak
Don't waste another heart beat
Cuz we'll never know
Until we let it out, let it out
Say it say it now
Say it say it now

Cuz we'll never know
Until we let it out, let it out
Say it say it now
