

Afters, The "Take a Chance"

I may say that I'm happy,
But it could be that I'm empty,
Devoid of every precious feeling that inside should be
residing,
Maybe you could help me find it,
A little thing called love that's hiding,
Playing games with my heart lately chance is slim but
still I'm hoping.

Today I thought you'd be forthcoming,
And let me know just what we're doing,
It has a very subtle subtext to it that I forget when we
kiss,
Maybe you could help me learn it,
A little thing called rational thinking,
It seems that my mind's out the window everytime we
get too close.

Just take a chance on me, I'll show you what we could
be,
If only, oh baby, you took a chance on me,
Just take a chance on me, I'll show you what we could
be,
If only, oh baby, you took a chance on me.

Another love song it's cliché I know,
I'll follow you wherever you go,
Just take a chance and I'll be there,
I know you've got some questions,
We'll sort through all the answers,
Confusion's just part of this process,
So fuck the test.

Just take a chance on me, I'll show you what we could
be,
If only, oh baby, you took a chance on me,
Just take a chance on me, I'll show you what we could
be,
If only, oh baby, you took a chance on me,
Just take a chance on me, I'll show you what we could
be,
If only, oh baby, you took a chance on me,

Just take a chance on me, I'll show you what we could
be,
If only, oh baby, you took a chance on me.
