

Afters, The "Take My Hand"

If you're alone tonight
And you're not alright with it take my hand

If you're scared to be what you are to me
It's alright take my hand

Put on a happy face
I'm longing to replace your fears with song and
dancing

La la la la
La la la
La la la

La la la la
La la la
La la la

If you're tired tonight of your microwave life
It's alright take my hand

If you're sick of yourself in your private little hell
I can help you if you take my hand

Pack up your halo
Let's go
I've got something to show you through the door to
heaven

La la la la
La la la
La la la

La la la la
La la la
La la la

If you're alone tonight and you're not alright with it

La la la la
La la la
La la la

La la la la
