Here today
Gone tomorrow
That's what they want to say about us
Say where's our sorrow
Where's our fear getting us
Some may say that we are too far gone
(I don't believe that it could be so)
(How can it be that)
(It could be)
I don't know but I've been cold too long for my taste

I won't sit back any longer
I won't be silent anymore
I'm stepping into the limelight baby
I'm taking over the world

Do you agree with my feelings
Could it be that we're the same
Don't say that we've hit the ceiling and now we're going
down in flames
Have we come so far to sit and die
(I don't believe that it could be so)
(How can it be that)
(It could be)
Precious Jesus did you give us life so we could
comprmise
To sit and watch the world decline
To face perdition's flames with resignation

I won't sit back any longer
I won't be silent anymore
I'm stepping into the limelight baby
I'm taking over the world
