Now is the time we have
Take it
Never give it back
Say what you mean to say
This could be your only chance

Everybody's watching out
For someone who can show them how to be what they
wanna be
And stand
Never backing down

Here we are
Here we are

We are the sound
We are the siren
We're all around and we won't stop singing it out
Shout it out like you believe it
We'll break it down when we all start singing it out
Shout it out now

Silence is an enemy that keeps us from the things we
need
It ages but it never grows
So quiet that it starts to bleed

Let's shake it off and let it go
Forgetting what we think we know
We'll make it all a memory
We're taking back control

We are the sound
We are the siren
We're all around and we won't stop singing it out
Shout it out like you believe it
We'll break it down when we all start singing it out
Shout it out now
Shout it out now

We are the sound
We are the siren

We're all around and we won't stop singing it out
Shout it out like you believe it
We'll break it down when we all start singing it out
Shout it out now
Shout it out now
