Everywhere
Everyday
All we hear is
All we hear is wait
It's not your time
Just get back in line

They can try to knock us down
We've got our feet nailed to the ground
If you wanna count us out, go ahead
But it's not over yet

We won't back down
We gotta take our best shot
Give it all we got now
We won't back down
They say we'll never make it
But we're gonna take it all the way

And with the clock
Running
We're gonna leave our fears and failures all behind
This is our time
We'll reach till we touch the sky

We won't back down
We gotta take our best shot
Give it all we got now
We won't back down
They say we'll never make it
But we're gonna take it all the way

We won't hold back
And we won't slow down the pace
We won't let go and we won't call off the chase

We won't back down
We gotta take our best shot
Give it all we got now
We won't back down
They say we'll never make it
But we're gonna take it all the way
